

# Example Printing Instructions

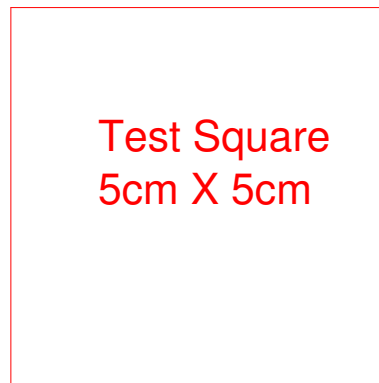

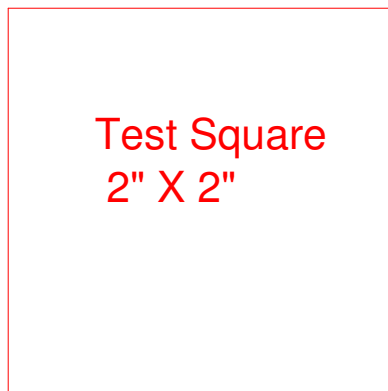

for *DressMakers Choice* patterns

1. Open the pattern file in Adobe Acrobat Reader.  
The file name will be the style number underscore and size,  
**Example A2\_300.pdf**

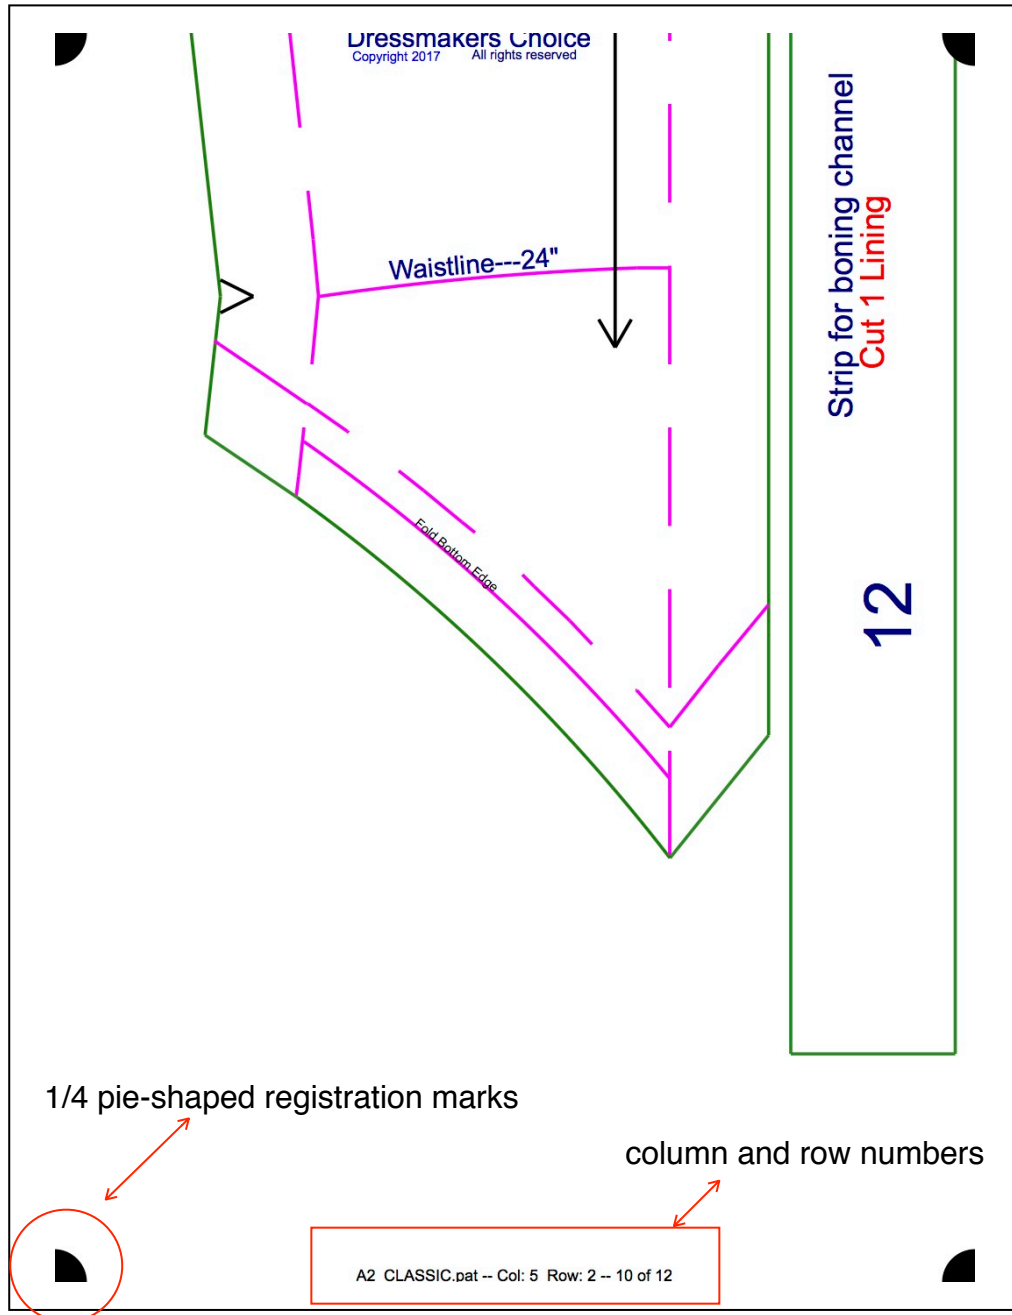

2. The pattern has been developed to fit on standard letter  
or A4 size paper.

Locate the page with the 2 inch & 5 cm square.  
Print this page. Measure the square.

If the square is not the correct measurement, turn **OFF** any  
'**scale to page**' features on your printer.

3. Print all the pattern pages. (Having checked the 2 inch square above first)  
Each page will print with column & row numbers, and pie shaped wedges.

Each rectangle represents the single sheets of paper from your printer.

4. Arrange the papers following the layout guide below..
5. Overlap each page, match the corner pie wedges to form a circle.
6. Tape together.
7. Cut out the pattern pieces.
